## Knowledge\_Center\_Index

## caBIG Knowledge Center Index

From this page, you can access all the caBIG Knowledge Centers. The front page of each Knowledge Center includes a summary of that Center's services, a listing of the tools it supports with links to support resources, and a link to the Knowledge Center's domain forum, a central place to post questions and comments related to the Knowledge Center's area of expertise.

- Vocabulary

Any visitor can browse Knowledge Centers resources. To edit wiki pages, add forum postings, reports defects and bug requests, and download tool code, you will need an account. Once assigned, your login and password can be used across multiple Knowledge Centers and their knowledge management resources. Please use your professional e-mail account when signing up; if your e-mail domain is not recognized, you may be contacted by NCICB Applications Support for more information. Visit <u>Access Account Request Form</u> to request an account.
